Ultrafine Vrillé

Version 3.0

75% Cotone Biologico Long Staple - 25% Poliammide
 75% Long Staple Organic Cotton - 25% Polyamide

Moderna struttura **vриллè** con crespi riccioli di cotone organico certificato che si avvitano su sé stessi.

Insolitamente **fine** e ideale per la stagione estiva.

Fresco e dalla superficie **mossa**, si esprime bene su maglia unita che diventa **tridimensionale**, ma anche come intervento in combinazione con fili più lineari per accentuarne l'effetto.

Una nuvola di **croccante cotone** fantasia, ma con estrema eleganza.

*Organic certified cotton, curly twisted in a modern **vриллè** construction. Unusually **fine** and ideal for the summer season.*

*A **spongy fresh** touch, its best expression is on plain knit, which becomes **three-dimensional**, as well as in combination with flat yarns to highlight the fancy effect.*

*A cloud of **crunchy cotton**, fancy but extremely elegant.*

Composizione: 75% Cotone Biologico Long Staple - 25% Poliammide
 Colori a Campione: Sì

SPECIAL CARES:

Sono possibili limitazioni nella riproducibilità del tono colore causa uso coloranti compatibili con disciplinare GOTS. I colori di cartella sono da considerarsi indicativi. Effetto vrillé ottenuto con fili attorcigliati su sé stessi che fuoriescono dal corpo del filato che di conseguenza, durante la smacchinatura o sulla maglia realizzata, possono avere la tendenza ad impigliarsi. Si sconsiglia di ripassare o dimezzare le rocche (se necessario, i coni parziali devono essere tutti roccati due volte per riportare il verso come sulla rocca originale). Filato soggetto a restringimenti diversi tra colore e colore; verificare prima della messa in lavorazione di ogni partita che le regolazioni delle macchine siano idonee all'ottenimento della taglia desiderata. Filato non idoneo all'utilizzo su macchine per capo integrale.

Composition: 75% Long Staple Organic Cotton - 25% Polyamide
 Customer Colors: Yes

SPECIAL CARES:

Color shade reproducibility might undergo certain limitations due to GOTS regulation restrictions. Shade card colors should be considered just as an indication. Wrillé effect obtained with yarn twisted on itself that comes external from the body yarn; Consequently during the processing or on the knitted panel they may have a tendency to get caught. It is not recommended to rewind or to part the cones (if necessary, the cones must all be winded twice to return the hair direction as the original). Yarn subject to different shrinkage depending on color; before knitting each lot, we recommend to test machine settings to make sure they are suitable for obtaining the desired garment size. Yarn not suitable on machines for whole garment.
